Work for an Industry
Leading Organisation

For over 55 years, DCWC have been trusted advisors to our clients. This is your opportunity to be involved in iconic and award-winning projects with the range of clients and sectors we service.

We are an Equal Opportunity Employer

Diversity in our workforce results in diversity of thinking and innovation.

Performance Related Incentives

We offer performance related incentives and attractive remuneration packages.

Environment, Social, Governance

We are committed to developing a robust and transparent ESG Framework. We commit to several environmental initiatives, social procurement practices, charitable giving and transparent corporate governance practices.

Central Office Location

Work from our central Perth CBD office location.

Work-life Balance

We understand that life sometimes gets in the way, our flexible work arrangement policy allows our team to maintain a healthy work-life balance.

Strong Emphasis on
Office and Team Culture

We arrange regular social gatherings for our team to foster inclusion and connection.

Membership Associations

DCWC partners with a range of industry associations catered to professional career growth such as the Australian Institute of Quantity Surveyors (AQIS), Property Council of Australia, National Association of Women in Construction (NAWIC), Roads Australia, and the Australian Airport Association. We are also proud members of Supply Nation which demonstrates our commitment to Aboriginal and Torres Strait Islanders procurement practices.

Professional Development & Training

Tailored professional development/training and commitment to career progression including mentoring by industry experts.

Why Join DCWC?

OUR PURPOSE AND VALUES

Our Purpose

Creating legacies that truly matter, making our communities a better place to live and improving people's daily lives.

We believe collective contribution is greater than the individual.

We strive to maintain open communication, shared knowledge, and a willingness to pool resources and expertise to solve problems and make informed decisions. Our **collaborative** workplace promotes synergy, innovation, and a harmonious work environment, where individuals combine their strengths and perspectives to achieve greater success collectively.

We achieve respect by being true to who we are.

When we show up each day, our goal is to be genuine and true to ourselves. We also aim to maintain honesty and transparency in all our interactions. This involves staying true to our values, expressing our thoughts and emotions sincerely, and not pretending to be someone we're not. By embracing **authenticity**, we foster an environment of trust, open communication and positivity.

Our drive for excellence is at the centre of everything we do.

We are unwavering in our commitment to the highest standards of quality and performance. We demonstrate **excellence** by setting the bar high with the goal to constantly improve, exceed expectations, innovate, take ownership and operate efficiently. We lead by example, ensuring long-term success and nurturing talent.

We work with hand on heart to uphold trust, credibility and accountability.

We will always be accountable for our actions, regardless of the circumstances. Integrity to us is being trustworthy, keeping promises, and adhering to a strong sense of moral and ethical conduct, even when faced with difficult choices or temptations. When we uphold **integrity** in the workplace, we build a trusting, credible and ethical foundation. We foster a culture of honesty and responsibility that is essential for a harmonious working environment.

We love what we do and will always go above and beyond.

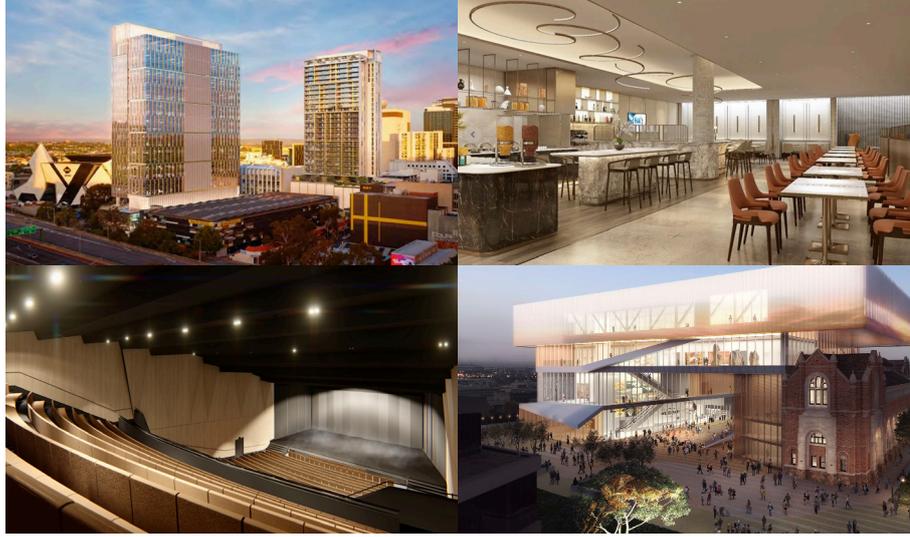

We have a deep and genuine interest in everything we do, a willingness to go the extra mile, and a drive to continuously improve and excel. Our **passion** is demonstrated by our enthusiasm and dedication to every project we work on, no matter how big or small. Through our combined dedication, we create a workplace that is motivating and innovative.

Everyone has ideas we make sure everyone has a voice.

We share a commitment to seek and implement new ideas, approaches and solutions to improve our services to each other and to our clients. We are always open to change and foster a culture of experimentation to continuously seek a better way of doing things. By encouraging **innovation**, we embrace a workplace of adaptability, competitiveness and the ability to stay at the forefront of industry advancements.
